## Presentation outline

- Why a 25 Year Environment Plan?
- 25 Year Environment Plan policies and goals
- Making the 25 Year Environment Plan happen
- What are the pioneers all about?
- How the pioneers will explore challenges and opportunities

# Why a 25 Year Environment Plan?

- Get more people to recognise the very important **role that nature plays in our existence** – health, wealth and prosperity
- Be clear that our health, wellbeing and prosperity is **reliant on the health of the environment** – air, water, soil, sea, animals and plants
- Appreciate the non-monetary value of nature – **its beauty**
- **Consider the health of nature in decision making** about society, the economy and how people live and work
- **Every department in the government working together** to deliver this over the next 25 years (Industrial and Clean Growth Strategies)
- **Give the environment to the next generation in a better state than we got it**

# 25 Year Environment Plan policies

- Policies
  - **Use and manage land sustainably**
  - **Recover** nature and enhance the beauty of landscapes
  - **Connect** people with nature to improve health and wellbeing
  - **Increase** resource efficiency, **reduce** pollution and waste
  - **Clean, productive, and biologically diverse seas**
  - Protect and improve the global environment

# 25 Year Environment Plan goals

- 25 year goals
  - Clean air
  - **Clean and plentiful water**
  - **Thriving plants and wildlife**
  - **Reduced risk from harm e.g. flooding and drought**
  - **Using resources sustainably**
  - **Enhancing beauty, heritage and engagement with nature**
  - **Mitigate & adapt to climate**
  - **Minimise waste**
  - Manage chemical exposure
  - Enhance biosecurity

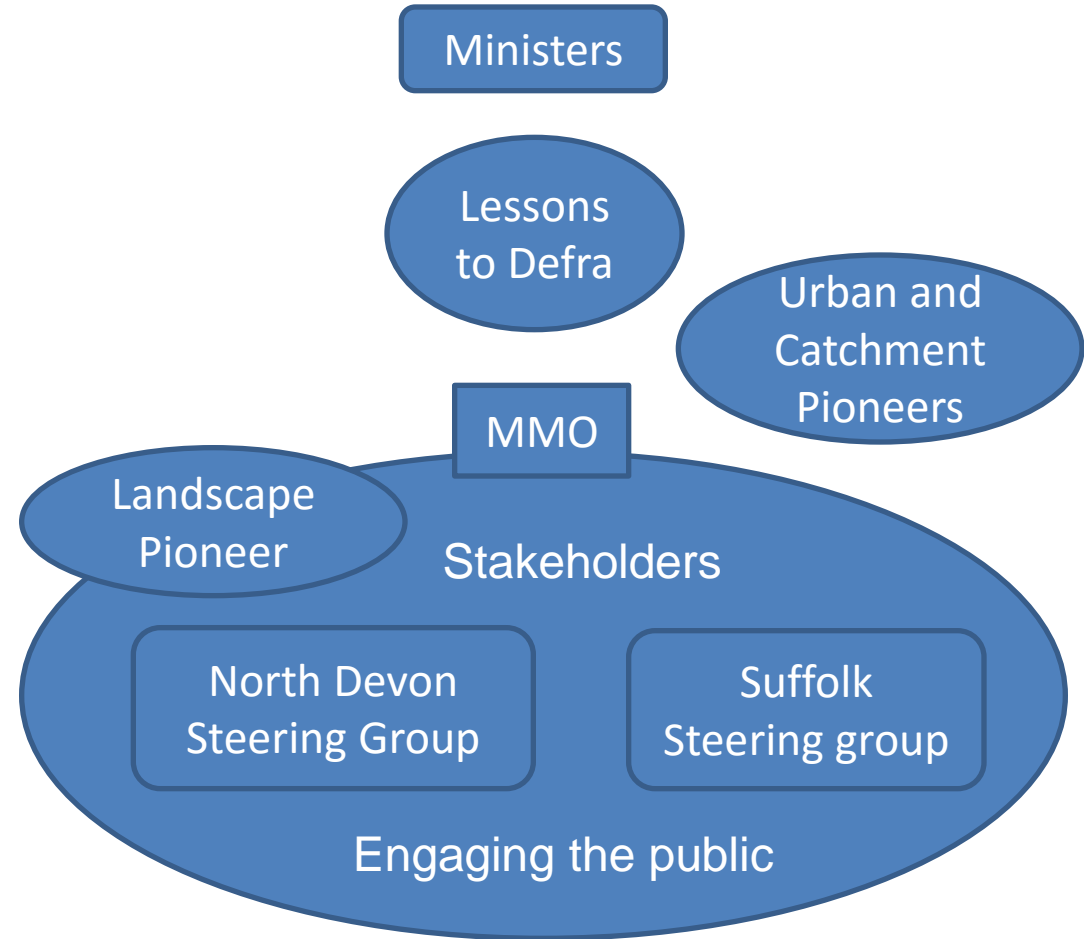

# Making the 25 Year Environment Plan happen

- **Everyone playing a role**
- **Behavioural and institutional change**
- **Working closely with a large range of stakeholders** over the coming year to identify their contribution
- **Strengthening leadership and delivery** through better local planning, more effective partnerships and learning from **four pioneer projects**
- **Strong governance and accountability**
- **Robust delivery framework**
- Need comprehensive and reliable **data and methods**
- Exploring how to use a **Natural Capital Approach**
- Industrial Strategy and Clean Strategy, **all government departments work together** on the plan

# What are the pioneers all about?

- Test space
- Four objectives
- Two locations
- Stakeholder input, steering groups, delivery partners
- Minimal resources
- 2-3 year timeline
- Projects to test new approaches and ways of working – demonstration
- Learning from other pioneers

# How the pioneers will explore opportunities and challenges

- Be innovative
- Be creative
- Involve new people
- Be objective
- Be critical
- Be inclusive
- No set idea of the results
- Agree what we want together
- Document the journey
- Don't leave the good lessons and work of the past behind
